Actual orchids

We have the following cymbidium orchids available, these are 3 year old orchids and should flower for the next flowering season . Available in 12/14 or 15cm pots/baskets. Where we can we have provided potential progeny descriptions as well as a picture of the expected outcome, progeny could vary from what we describe depending on genes and variance somewhere in the parents ancestry . Many of the cymbidiums are first of their types and won't be found elsewhere . New seedlings will be added from time to time , please enquire at paul@orchidology.co.za or Joshua@orchidology.co.za / www.orchidology.co.za
