We have the following cymbidium seedlings available, our seedlings have been hardened off for a period of 6-24 months and are a cost effective way to build an Orchid collection . Available in 7.5/9cm/12cm pots. Cymbidiums should Flower in 1-3 years . Where we can we have provided potential progeny descriptions as well as a picture of the expected outcome, progeny could vary from what we describe depending on genes and variance somewhere in the parents ancestry . Many of the cymbidiums are first of their types and won't be found elsewhere . New seedlings will be added from time to time , please enquire at paul@orchidology.co.za / www.orchidology.co.za
